

# 10 Reasons to switch to ArcAqua

## BROAD SPECTRUM SANITIZER

Effectively sanitizes a wide range of bacteria and fungi

## EFFECTIVE

Proven to be as effective as chemical alternatives

## NATURE'S SANITIZER

Significantly more effective than ozone-rich water systems

## PHYSICS OF ADHESION

Gaps between millions of tiny water droplets safely direct the ozone to where it's needed

## NON-CORROSIVE

Unlike some commonly used chemicals, ArcAqua will not corrode your packhouse equipment

## CONSISTENT

Always-on technology delivers consistent and reliable results

## HASSLE

No pH and other chemical related management issues

## ZERO RESIDUE

A powerful and natural sanitizer that reverts to oxygen, leaving zero chemical residue

## WATERWISE

Proven to use less water than commonly used total-loss chemical treatments

## ORGANIC

Suitable for use in organic market (USA)
